

MACTE

A MONTESSORI TEACHER

CERTIFIED BY A MACTE-ACCREDITED INSTITUTION OR PROGRAM

IS SPECIFICALLY TRAINED TO:

- Create a sequentially progressive environment with scientifically designed Montessori materials and other resources proven to develop conceptual understanding, academic independence, social problem solving, and self- efficacy.
- Guide a student-centered, multi-aged, self-directed environment using the interdisciplinary and internationally recognized Montessori curriculum to present concepts holistically before breaking them into specific parts; leading to self- discovery of abstract knowledge.
- Match learning to an individual child's academic, cognitive, physical, social-emotional needs from giftedness to remediation.
- Develop skills of independence during a three-hour, uninterrupted work period with students interacting appropriately with freedom of movement, cooperative learning among peers, and student self-correction.
- Understand age-appropriate cognitive, social-emotional, academic and behavioral benchmarks of mastery in order to document progress within a non-graded environment.
